- It is your responsibility to verify that the physician is currently under contract with your insurance company and that you have obtained all necessary referrals **BEFORE** your scheduled appointment. Failure to confirm this may result in your responsibility for any and all charges.
- Your insurance coverage and benefits are a contract between you and your insurance company and therefore all disputes must be handled between you and your insurance company.
- **Depending on the service provided by the physician at your visit, and ONLY if you have a deductible that has not been met, your responsibility at the time of service could be \$100-\$200. Otherwise, your specialist copay, if applicable, will be due at that time.**
